

**Manpreet Kaur Sangha**

395 Kew Street ,Cloverdale

6105 Perth, WA

[sidhumanpreet803@gmail.com]0416525251

I'm an experienced and ambitious Javascript,, HTML and SQL developer looking for a challenging new design role in the IT industry. A hard worker with experience on Unix/Linux and Windows platforms, and solid knowledge of design/development applications and practices, I will be a valuable addition to any team.

**QUALIFICATIONS**

Bachelors of technology (Computer Science Engineering and Technology), India  
Graduated in 2015.

**Technical Competencies**

Programming Languages : C, C++, SQL, HTML,c#, Java and .net

Databases tools : Oracle, MS Access and mysql

Operating Systems : Windows 9x, XP, 2000 , NT

Other Skills : Photoshop, CSS, HTML, Flash

Knowledge of Cisco switches.

Thorough knowledge of developing java applications and .NET platform

Trained in networking protocols and device programming.

Experience with Windows 7/10, Office 365, Active Directory, and VMware.

Exposure of Azure.

Good in wordpress .

Good knowledge of react.js

**Experience:**

➤ **DXC technology (western Australia) as desktop support**

Currently working from March 2019

- Install, upgrade, support and troubleshoot Windows OS, authorized desktop applications, hardware, and peripheral equipment.
- Coordinate and execute preventative maintenance and remedial repairs on computers, laptops, printers, and peripherals
- Return defective equipment to maintenance inventory, document customer repairs, and maintain and restock parts inventory to maintain spare parts levels.
- Monitor, operate, manage, troubleshoot, and restore service to terminal service clients, PCs, or notebooks with authorized access to network
- Re-imaging systems and installation of packages
- Ticket handling
- Deploying laptops ,monitor
- Updating MS-Excel spreadsheets

➤ **Ignite services(western Australia) as desktop support**

From november 2018 to march 2019

- Install, upgrade, support and troubleshoot Windows OS, authorized desktop applications, hardware, and peripheral equipment.
- Coordinate and execute preventative maintenance and remedial repairs on computers, laptops, printers, and peripherals
- Return defective equipment to maintenance inventory, document customer repairs, and maintain and restock parts inventory to maintain spare parts levels.
- Monitor, operate, manage, troubleshoot, and restore service to terminal service clients, PCs, or notebooks with authorized access to network
- Re-imaging systems and installation of packages
- Ticket handling
- Deploying laptops ,monitor
- Updating MS-Excel spreadsheets

➤ **IT support (Melbourne,Australia)**

Jan2018 to october2018

- Daily monitoring eSales data and populating in database
- Create macros for batch processing, invoicing and reporting
- Mapping data to generate automatic shipping documentation
- Obtain power reading and manipulate in MS Excel spreadsheets
- Design and develop database system using MS Access
- Usability testing and reporting
- Technologies included SQL query, DAO, ADO, API, visual form object, sub-system linkage, search query

➤ **VEE Softwares(Mohali, India)as Junior web developer**

From December 2014 to November 2017

- Implemented and troubleshoot the wireless and LAN Network
- Designing,coding,testing,debugging,documenting and supporting front end and back end applications development.
- Participated in code and design reviews.
- tested operating systems and firmware.
- Knowledge of vmware and virtualisation.
- Knowledge of software engineering best practices, including design patterns and UML.
- Some experience with C# or C++ (advantage for both).
- Knowledge of object-oriented design and programming.
- Hands on experience with .NET ,CSS ,MVC, MVVM, C#, JavaScript
- Working with SQL SERVER
- Assisted in debugging, evaluating, testing projects and documenting.
- Implemented and troubleshoot the wireless and LAN Network

**Project 1:** Web application programming using Dreamweaver to build custom interfaces on client's website using HTML/CSS, PHP, MySQL, Adv. JavaScript, Flash ActionScript. Content updates using

advance search and replace method, custom build application to do batch processing using technologies Java, C/C++

**Project 2:** VB.net, SQL database design, user interface design and application programming in MS Office using VBA, macros and batch processing of vast amount of data. Also built database for client's server application

### **Strengths**

- Strong interpersonal skills.
- A passion for solving complicated problems and learning new skills.
- Demonstrates an extremely high level of accuracy and attention to detail.
- Have the ability to meet changing demands and to adapt to frequently changing priorities.
- Good problem solving ability and analytical skill to solve the problems efficiently.
- Excellent technical skills.
- Strong written and verbal communications.
- Interested in a challenging technical track career in an application development environment

### **Referees:**

- Harpinder Singh Sandhu (senior at Vee Softwares)  
**Contact:** +91 8073492658(harpinders\_2008@yahoo.in)
- Sophia verma (Head of department of computer science and engineering at B.I.S polytechnic college)  
**Contact:**+91 78377 76877([verma.sophia@yahoo.in](mailto:verma.sophia@yahoo.in))
